

Made from Long Leaves

No Short, Broken Leaves in

## LIBERTY Long Cut Tobacco

Ageing pure Kentucky tobacco up to 5 years puts richness and snap and full body into LIBERTY that give hearty satisfaction, every puff out of a pipe and every smack out of a chew.

No wonder LIBERTY is the big favorite with men who want *quality* instead of a "big-looking" package. They know man's tobacco when they smoke or chew it. Go after some right away — sold everywhere.

## LIBERTY Is Real Long Cut Tobacco, Men!

LIBERTY is made from ripe, selected long leaves.

You know this is true—because you find only *long*, silky shreds of tobacco in LIBERTY.

You do not find loose, hard stems or short cuts in LIBERTY—no short leaves, broken leaf or hard stems are used in making LIBERTY.

That's why LIBERTY is always slow-burning and cool-smoking in a pipe—why it holds together and lasts in a chew—and gives all 'round man-size enjoyment.

### PERSIA'S SORROWFUL TREE.

It Blooms Only at Night and Appears Withered in Daytime.

In far-off Persia there grows a shrub which is called the sorrowful tree. Another name for this tree is the night jasmine or the sad tree. The reason why it is called the sad or sorrowful tree is because it blooms only at night. When the first star appears in the sky the first bud opens on the wonderful tree. As the evening advances the buds open more rapidly until the tree is covered with a delicate bloom and it appears like one vast flower. The bloom is quite fragrant and the odor is like the perfume of the evening primrose. As the stars begin to grow dim and the dawn approaches the flowers begin to fade, and by the time the sun has risen not a flower can be found on the tree. During the hours of daylight the tree appears to be withering as if it had been injured in some manner, but in reality it is simply regaining strength in order to put new blossoms on the following night. This tree is held in high esteem by the natives of the country where it grows and is looked upon as a curiosity by tourists throughout the world. When cut down these trees send up sprouts from the roots that will mature into a flowering tree in a very short time. Apples of gold.

Macready's Caustic Reply. A scapegrace baron pawned the coronet he had worn at the coronation of Queen Victoria. Having a slight acquaintance with Macready, the tragedian, he wrote to the actor offering to sell the pawn ticket and suggesting that the redeemed item of headgear would be an interesting theatrical "property." Macready replied with characteristic sarcasm that if the thing had been owned by a nobleman of mark who had got into straitened circumstances he would have favorably considered the application. But he did not think his stock of "properties" would be improved by the addition of a gilded coronet that had been worn by a humdrum and pawned by a prodigal.

Bad Colds from Little Sneezes Grow. Many colds that hang on all winter start with a sneeze, a snuffle, a sore throat, a tight chest. You know the symptoms of colds, and you know prompt treatment will break them up. Dr. King's New Discovery, with its soothing antiseptic balsams, has been breaking up colds and healing coughs of young and old for 47 years. Dr. King's New Discovery loosens the phlegm, clears the head, soothes the irritated membrane and makes breathing easier. At your Druggist, 50c.

### BENNINGTON PEOPLE GETS INSTANT ACTION

Those who have used it in Bennington are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-ika. Because it acts on BOTH lower and upper bowel, ONE SPOONFUL Adler-ika relieves almost ANY case of constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. W. L. Gokay, Druggist.
